

# INTERNET SAFETY

Never give out personal information. (name and address)

Talk to an adult if you feel uncomfortable about anything.

Never agree to go out with someone you don't know.

Make sure that you have an adult's permission before going online.

Think carefully before posting videos or pictures.

Never give your passwords.

Remember that not everyone is who they say they are.

Keep your privacy setting on high as possible

I will be a good online citizen and not do anything that hurts other people.
