Perhaps you could stick these sounds or any of your alphabet, going up your stairs and say them every time you use the steps!

Our new sound this week is....

'ay' as in play!

Watch Mr. Mcs video to introduce the sound.

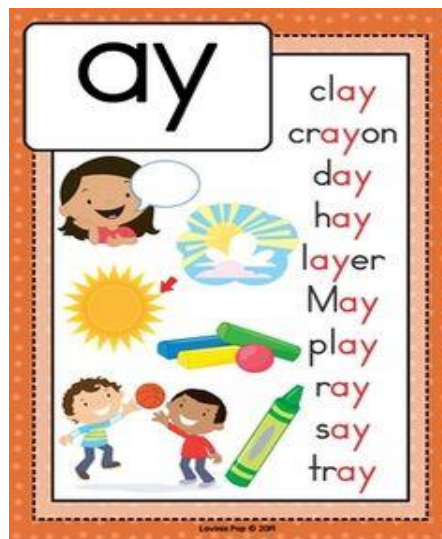

<https://www.youtube.com/watch?v=qGVYtd3fY-M>

Can you practice writing your sounds nice and big on an old cardboard box? You could turn a cereal box inside out and have a go at writing on there!

Try and have a go at writing some 'ay' words with a grown up (or they can write them for you).

Then hide them around your house or garden. Can you sound out and read the word when you find it?

As its lovely weather at the moment, take your phonics outside. Write some sounds or your tricky words on the floor with chalk. You could even stick paper words up around your garden.

Use a water gun to spray your words and read them as you do!
