

Nod y wers - to compare fractions and find equivalent fractions

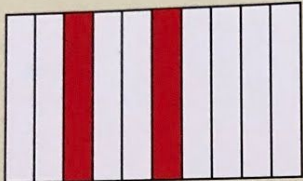

For questions 1-6:

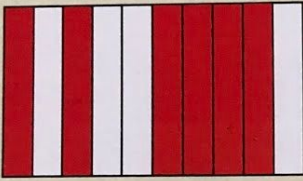

1. Write how many pieces out of 10 are red e.g. $\frac{4}{10}$
2. If you can halve BOTH numbers in the fraction, do this too e.g. $\frac{4}{10} = \frac{2}{5}$

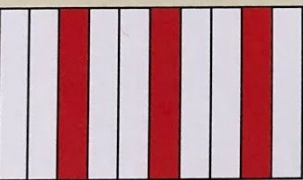

For questions 7-10:

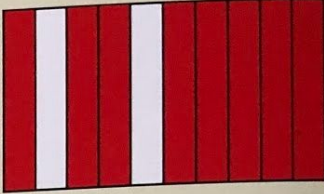

Put a $<$ or $>$ sign between the two fractions.

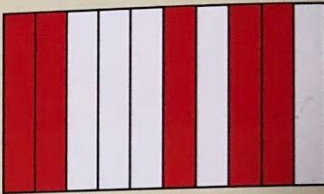

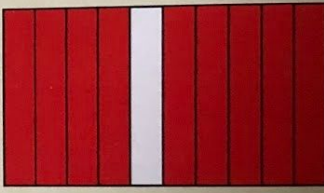

1 

2 

3 

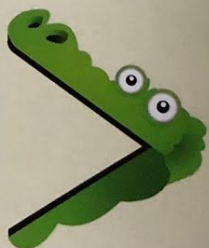

4 

5 

6 

7 $\frac{1}{10}$ $\frac{3}{10}$ **9** $\frac{3}{10}$ $\frac{6}{10}$ **11** $\frac{7}{10}$ $\frac{1}{2}$

8 $\frac{1}{2}$ $\frac{6}{10}$ **10** $\frac{1}{5}$ $\frac{3}{10}$

My answers

1.

2.

3.

4.

5.

6.

7.

8.

9.

10.
