Dear Sir/Madam,

ESSENTIAL HIGHWAYS REPAIRS – A539 Vicarage Fields

As part of our essential highways repairs works are scheduled to take place at the above location. A contractor has been appointed, and works are due to commence on 10/09/2026, with an anticipated duration of approximately 2 weeks.

To facilitate the works safely, traffic management measures will be in operation. Access will be maintained for residents, businesses, and properties throughout the works period, however, there may be short delays at times while it is made safe to pass through the working area. A signed diversion route will be in place for all through traffic.

Please note that bus services may be affected during the works, and temporary diversions or suspensions may be introduced by the operator. Passengers are advised to check the latest service information directly with their bus company prior to travelling.

In order to minimise disruption, ensure the safety of the workforce, and allow the works to be completed as efficiently as possible, we kindly request that no vehicles are parked on the carriageway between Monday and Friday without prior agreement. Any vehicle found obstructing the works during this time will need to be removed.

We appreciate your cooperation and patience while these essential maintenance works are carried out. Some disruption is unfortunately inevitable, and we apologise in advance for any inconvenience caused.

Yours faithfully,
Mr K Williams
Head of Service – Operations Environment & Technical
